Data driven marketing

Today, marketing begins and ends with data. But what good is it if it's too complex to use in your outbound communications? MarketDirect makes it simple to build powerful marketing campaigns around your customer data.

Designing and building campaigns shouldn't require a PhD—but for many solutions it does. Many small to medium businesses have the same marketing needs as larger ones, but don't have the resources to invest in complex and costly enterprise marketing solutions.

MarketDirect enables your content owners, and creative teams to build their campaigns quickly and easily—regardless of whether it's an email, website, printed postcard or mobile message. Marketers can use pURLs or QRcodes to enable personalized print and landing pages to capture responses in real time and view the results on a dashboard

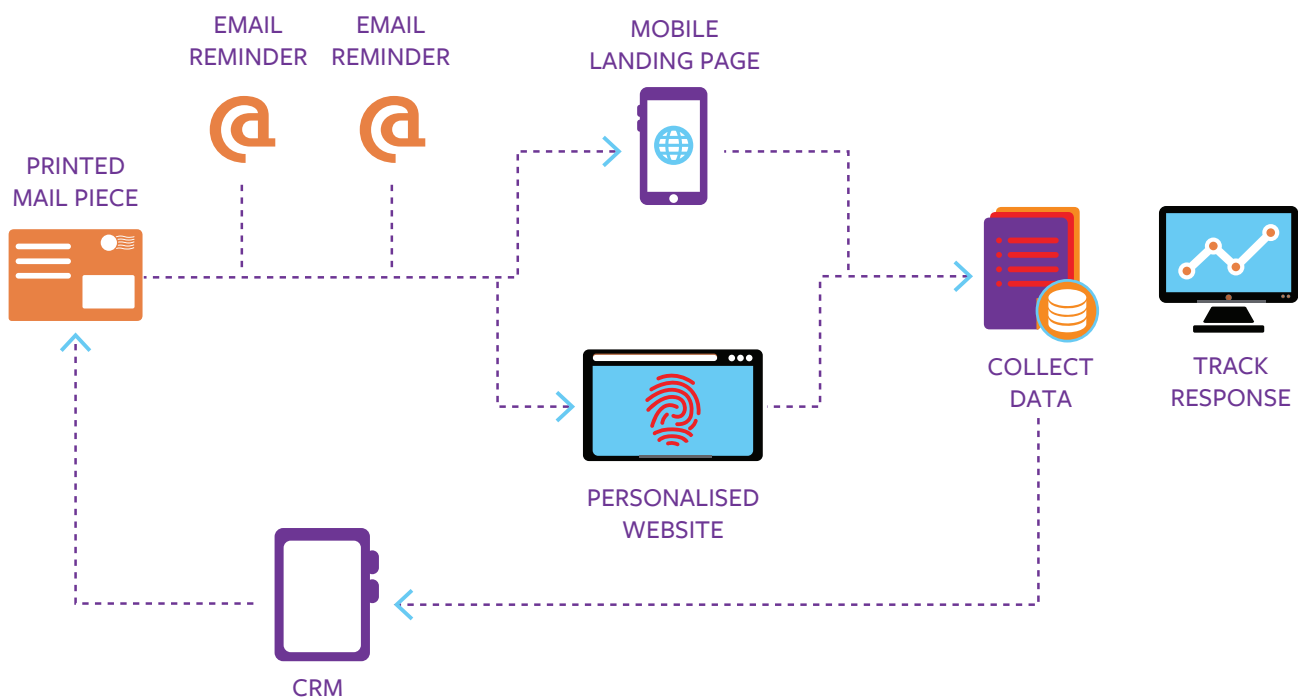

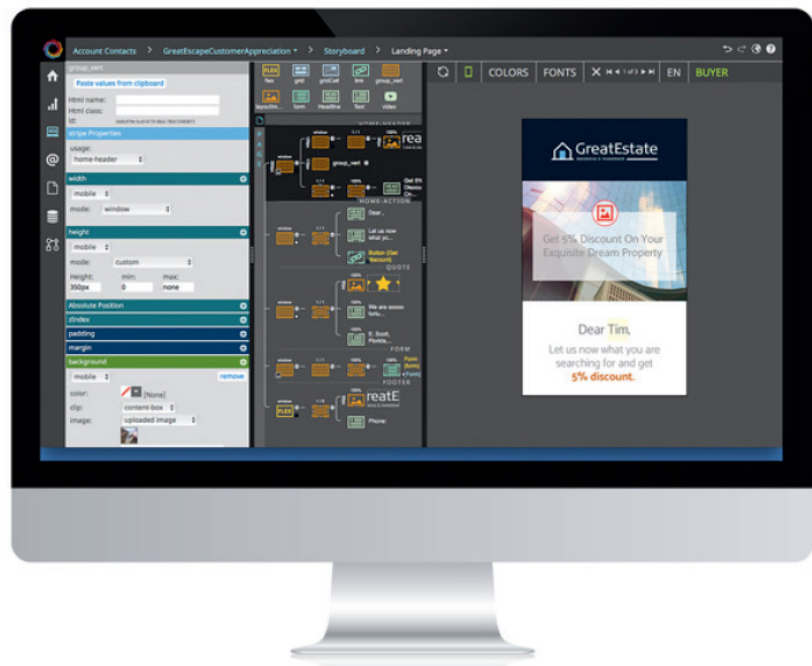

Easy design

- Websites and personal URLs
- Mobile sites, QR codes and SMS
- Variable Print documents
- Personalized direct mail and emails
- Interactive customer surveys
- Marketing apps and Facebook® apps

Easy automation

- Manage print as easy as emails
- Synchronize campaigns with your CRM
- Boost response rates and engagement with personalized images
- Send automatic reminders
- Trigger follow-up activities
- Track and analyze all results

Measure and optimize with real-time analytics

Personalized websites and e-mails offer a unique advantage: they allow you to track exactly how your customers are reacting to your messaging and communications.

With the ability to measure, you can make more informed decisions about your business and your communication plans. MarketDirect provides live response tracking with customizable campaign dashboards that can be individually designed and customized for your requirements.
